
OBJECTIVE

I am an extremely ambitious professional transitioning into the field of data analysis and continue to build a solid foundation in statistics and data analysis. I have gained firsthand experience with SQL, Python, R, and data visualization tools through my recent studies and projects. My background as a CNC machinist has sharpened my precision and critical thinking skills, making me skilled at perfecting processes and ensuring high-quality results. I am an adaptive learner, meticulous, and committed to continuous growth. I am motivated to apply my analytical skills and technical ability to make a meaningful impact in data analysis.

SKILLS

- Technical Skills: SQL, Python, R, Tableau, Power BI, Excel, Data Mining, Data Visualization, Statistical Analysis
- Data & Business Analysis: Requirements Gathering, Process Optimization, Stakeholder Analysis, Business Process Modeling, Data-Driven Decision Making
- Soft Skills: Communication, Problem-solving, Critical Thinking, Collaboration, Presentation Skills

WORK**Junior Data Analyst**

InVision - New York, NY

08/2022 - 09/2024

- Gathering, cleaning, and analyzing data using SQL, Python, and Excel to extract valuable insights.
- Improved data accuracy, efficiency by automating repetitive tasks a streamlining data collection process.
- Supported the development and maintenance of interactive dashboards and visualizations.
- Collaborated with team members to find data requirements to ensure data integrity and accuracy.

CNC Programmer

CNC Data - Norcross, GA

06/2021 - 07/2022

- Completed data entry tasks with accuracy and efficiency.
- Followed established procedures to enter and process data correctly.
- Organized, sorted, and checked input data against original documents.
- Scanned documents and saved in database to keep records of essential organizational information.

CNC Machine Operator

Electro Optics Manufacturing - Alpharetta, GA

12/2019 - 04/2021

- Properly loaded and unloaded materials in and out of machines.
- Performed daily cleaning to keep machines in good working condition and prolong equipment lifespan.
- Increased product quality by adhering to strict tolerances and carefully checking machining processes.

CNC Programmer

RotoMetrics - Alpharetta, GA

01/2018 - 10/2019

- Provided technical support with setup procedures and addressing any issues related to CNC programs.
- Increased machine uptime by troubleshooting and resolving programming errors promptly.
- Improved CNC program efficiency by improving tool paths and reducing cycle times.

EDUCATION**Georgia State University**

Bachelor of Business Administration

08/2023 - Present

Miami Dade College

Associate's degree in business

10/2006 - 06/2008

CERTIFICATES**COURSERA**

Google Data Analytics Professional Certificate

2023 - 2024

COURSERA

Google Business Intelligence Professional Certificate

2023 - 2024

COURSERA

Google AI Essentials Certificate

2023 - 2024
